POOL FENCE AFFIDAVIT

I am aware of the requirements for the enclosure of a pool in accordance with Section 3109 of the International Building Code (IBC) titled SWIMMING POOL ENCLOSURES AND SAFETY DEVICES, which has been approved by Pickens County, and take full responsibility as the property owner for ensuring the pool fence is constructed in accordance with these requirements.

All swimming pools must conform to the International Building Code (IBC). All swimming pools must be enclosed by barrier/gates. All doors with direct access to the pool, where the wall acts as a barrier, shall be equipped with an alarm. All barriers/gates alarms will be inspected at the time of the final inspection. The barrier/gates/alarms must be in place before the final inspection is requested.
