2030 Pickens County: A Comprehensive Plan

Internet Presence for Our Planning Process

The staff of the Department of Community Development, along with the County's IS Department and Sturgis Web Services of Ft. Mill, SC, has just completed the last piece of our web presence for "2030 Pickens County: A Comprehensive Plan"; the development and roll out of www.2030pickenscounty.com! We now have up and running three exciting, non-traditional avenues for public participation - a traditional web site, an interactive "wiki" style website, and a Facebook group.

With the implementation of these three tools, in addition to the traditional public participation processes, it is our hope that every facet of our community will now be able to participate in a very important process...

Planning for Pickens County's Future!!!!

Release Date: September 3, 2009
