eBooks Are Here @ Your Library!

The Pickens County Library System is excited to announce the addition of downloadable eBooks and audiobooks to our collection! Visit <http://pickens.lib.overdrive.com/> to get started. This new service, powered by OverDrive, is free with your library card. You can browse the collection, check out items with your card, and then download these items to a PC, Mac®, and many other mobile devices including the Nook, iPad, and other ereaders.

To get started, you will need to install free software to your personal computers and devices. For audiobooks you will need: OverDrive® Media Console™ (WMA and MP3). To read ebooks, you'll need: Adobe® Digital Editions (EPUB).

Once you check out a title, it can be enjoyed immediately or transferred to another device. Some audio titles can also be burned to CD to listen to on-the-go. Titles will automatically expire at the end of the lending period, so you don't have to worry about returning items on time and there are no late fees!

We have hundreds of popular fiction, non-fiction, young adult and even some children's titles to choose from. The collection is guaranteed to have something for everyone and new titles will be added on an ongoing basis. Here's what patrons are already saying about our downloadable eBooks and audiobooks:

“Fantastic!”

“Love them!”

“Already read three this week! It's so easy to download!”
